Three Pillars Senior Living Communities Celebrates 10 Years of Quality Catered Assisted Living Services at Compass Point

Three Pillars' Compass Point marked 10 years of operation and looks to the future

Dousman, WI. March 8, 2016 – For over 100 years, Three Pillars Senior Living Communities has served thousands upon thousands of families and residents. This week, they proudly celebrated 10 years of providing quality catered assisted living services in their Compass Point building, located at 365 Sunset Dr. at the corner of Highways 18 and 67. It was 10 years ago, on March 6, 2006, that the building first opened and approximately 45 residents moved from what was then the Wisconsin Masonic Home into the brand new building, occupying the apartments for the first time.

Mark Strautman, President & CEO, Jodi Cigelske, RN, Compass Point Residential Health Care Coordinator, Deb Harrison, Support Services Coordinator, and Pat Tomczyk, Social Worker, can each remember the construction process and grand opening day like it was yesterday.

Cigelske reminisces, “It was back in 2003 that we first had the idea for a new catered assisted living building. A lot of work went into this project; a lot of planning, a lot of meetings, and questions about how we’d accomplish it. We had toured many facilities around Wisconsin, picked the best features, and built it exactly to our specifications with our residents’ best interests in mind. I think we created a wonderful community.”

Harrison adds, “These 10 years have been interesting, exciting, rewarding, fulfilling, full of opportunities; and above all, it’s been an absolute privilege to take care of people here.”

“It’s sure been fun. Compass Point is home.” Tomczyk says. “We look forward to serving more people here for decades to come.”

Strautman remarks, “We’re so proud of this milestone for Compass Point and the care we’ve been able to provide over the past 10 years. Our devoted staff and extraordinary residents are a testament to the high-quality services we provide, and we’re eager to look ahead towards many more years of top-notch care across our campus.”
