U.S. NEWS & WORLD REPORT NAMES THREE PILLARS SENIOR LIVING COMMUNITIES ONE OF SEVEN 2022-23 BEST CONTINUING CARE RETIREMENT COMMUNITIES IN AMERICA

Dousman, Wis. May 10, 2022 — Three Pillars Senior Living Communities has been recognized by U.S. News & World Report in all four of four brand new categories within their 2022-23 “Best Senior Living” segment.

Three Pillars earned “Best” status by achieving the highest possible ratings for Independent Living, Assisted Living, and Memory Care. These top ratings in all levels of care also made Three Pillars one of only seven communities in America to carry the prestigious new title of U.S. News’ Best Continuing Care Retirement Community (CCRC).

These new honors join Three Pillars’ already top-rated Best Long-Term Care Skilled Nursing and Best Short-Term Rehabilitation community, making every level of care on the Dousman campus a U.S. News top-rated community.

U.S. News awards the designations of Best Senior Living only to those communities that satisfy U.S. News’s objective statistical assessment of each senior living community’s performance from consumer satisfaction surveys administered between March 2021 and February 2022. These surveys reflect the viewpoints of more than 200,000 current residents and family members of residents living in thousands of senior living communities nationwide.

“We are honored to receive this recognition from U.S. News & World Report. Our residents and our mission are central to all we do, and we are humbled to receive such high survey ratings that are a true testament to the amazing team of people who are dedicated to making Three Pillars the place it is,” says Mark Strautman, President & CEO at Three Pillars.

The inaugural U.S. News [Best Senior Living](#) ratings and profiles offer comprehensive information and exclusive analysis of consumer satisfaction data evaluating such factors as community & activity, food & dining, caregiving, and management & staff for nearly 2,500 communities in the continental U.S. and Hawaii. “Until now, families have had limited information when comparing providers of independent living, assisted living, memory care, or continuing care,” said Ben Harder, managing editor and chief of health analysis at U.S. News. “The Best Senior Living ratings fill this informational gap with comprehensive and transparent data to help older consumers and their families identify high-quality senior living communities that meet their needs and preferences.”
