Three Pillars
SENIOR LIVING COMMUNITIES

FOR IMMEDIATE RELEASE: March 29, 2024

Three Pillars Earns Dementia Care Designations From LeadingAge Wisconsin

Dousman, Wis. – Three Pillars Senior Living Communities is proud to announce it has received significant dementia care designations from LeadingAge Wisconsin, a chapter of LeadingAge, a global network of aging services organizations reaching over 30 countries. Propelled by the LeadingAge Wisconsin philosophy aimed at “better services for better aging,” a team of skilled and practicing inter-disciplinary senior living professionals came together to build an experience-based facility assessment tool with the goal of increasing accountability and transparency among dementia care providers.

Through these efforts, the Dementia Care Designation System was developed. The assessment is comprised of five modules which collaboratively contribute to a holistically-positive and supportive care environment for persons living with dementia and their families: (1) Supportive and Therapeutic Environment; (2) Information, Education and Support; (3) Assessment and Care Planning; (4) Life Enrichment; and (5) Workforce.

Three Pillars is proud to announce the following designations received for 2024:

- **Dementia Specific** — Masonic Health Care Center & Hickory Suites Rehab
- **Dementia Specific** — Riverside Lodge Assisted Living
- **Dementia Specific** — Riverside Lodge Memory Care
- **Dementia Capable** — Compass Point Catered Living
- **Dementia Capable** — Village on the Square Independent Living

Dementia Specific indicates the care community is dedicated to a holistic philosophy that embraces and fosters individualized dementia-centered care and support.

Dementia Capable indicates the care community provides specific approaches that support and care for persons living with dementia.

“We are extremely proud of these important designations, which are reflections of the enormous efforts of our team to make Three Pillars a leading resource for people in need of dementia care,” said Jen Graf, Director of Dementia Programming at Three Pillars.
