

Living Well with Changing Vision

Educational Presentation & Demonstration of Strategies

DESCRIPTION

More than 60,000 people in Southeastern Wisconsin have vision loss that cannot be corrected. We want you and your loved ones to know that you are not alone. Attend this educational presentation and demonstration of strategies, devices, and assistive technology for living well with changing vision.

Learn about common eye diseases including macular degeneration, glaucoma, diabetic retinopathy, and cataracts. See first-hand demonstrations of tools for cooking, reading, recreation and staying organized that can help you continue to live as independently as possible. Discover how you can help a friend or neighbor whose vision is changing.

Sponsored by the Brain Health Group and Vision Forward

Monday, October 26, 2026 | 1- 2pm

Village on the Square - Holz Pavilion Theater
314 East Village Court, Dousman, WI 53118

This is a free, in-person talk hosted by Three Pillars Senior Living Communities as a part of their Brain Health Group Meetings. Event is open to the public. Registration is appreciated but not required (Residents can sign up in the portal). No virtual option will be available.

QUESTIONS OR TO RSVP

Please contact Jen Graf, Senior Director of Cognitive Health, at 262.965.7133 or jgraf@threepillars.org.

Please note the Brain Health Group does not meet in November and December due to the holidays. We will resume January 25, 2027
